

In Touch with God

Edwin Louis Cole

Conversion is the natural process of life.

1. God put Adam in an ideal environment.
2. He created Adam without a sinful nature.
3. Provided Adam with every temporal need he had.
4. He was endowed with strong mental powers.
5. God gave Adam a life partner to complete him.
6. God gave him duties to engage his mind and body.
7. God warned him of the consequence of disobedience.
8. God had a personal relationship with Adam.

Eve fell by deception – Adam fell by affection.

Unbelief is the basis of sin – Pride is the strength of sin – deceitfulness is the character of sin.

The torment of the temptation to sin is nothing compared to the torment of the consequence of sin.

When Adam sinned:

1. He began to live under a curse.
2. He lost his innocence.
3. He found that there was enmity between his seed and God's seed.
4. He found that the ground was cursed.
5. His wife would suffer the pain of childbirth.
6. It brought submission of the woman to the man.
7. It brought separation from God.
